

SHOTCRETE ALFRANJET®

PRIORITIES

Reduced number of people

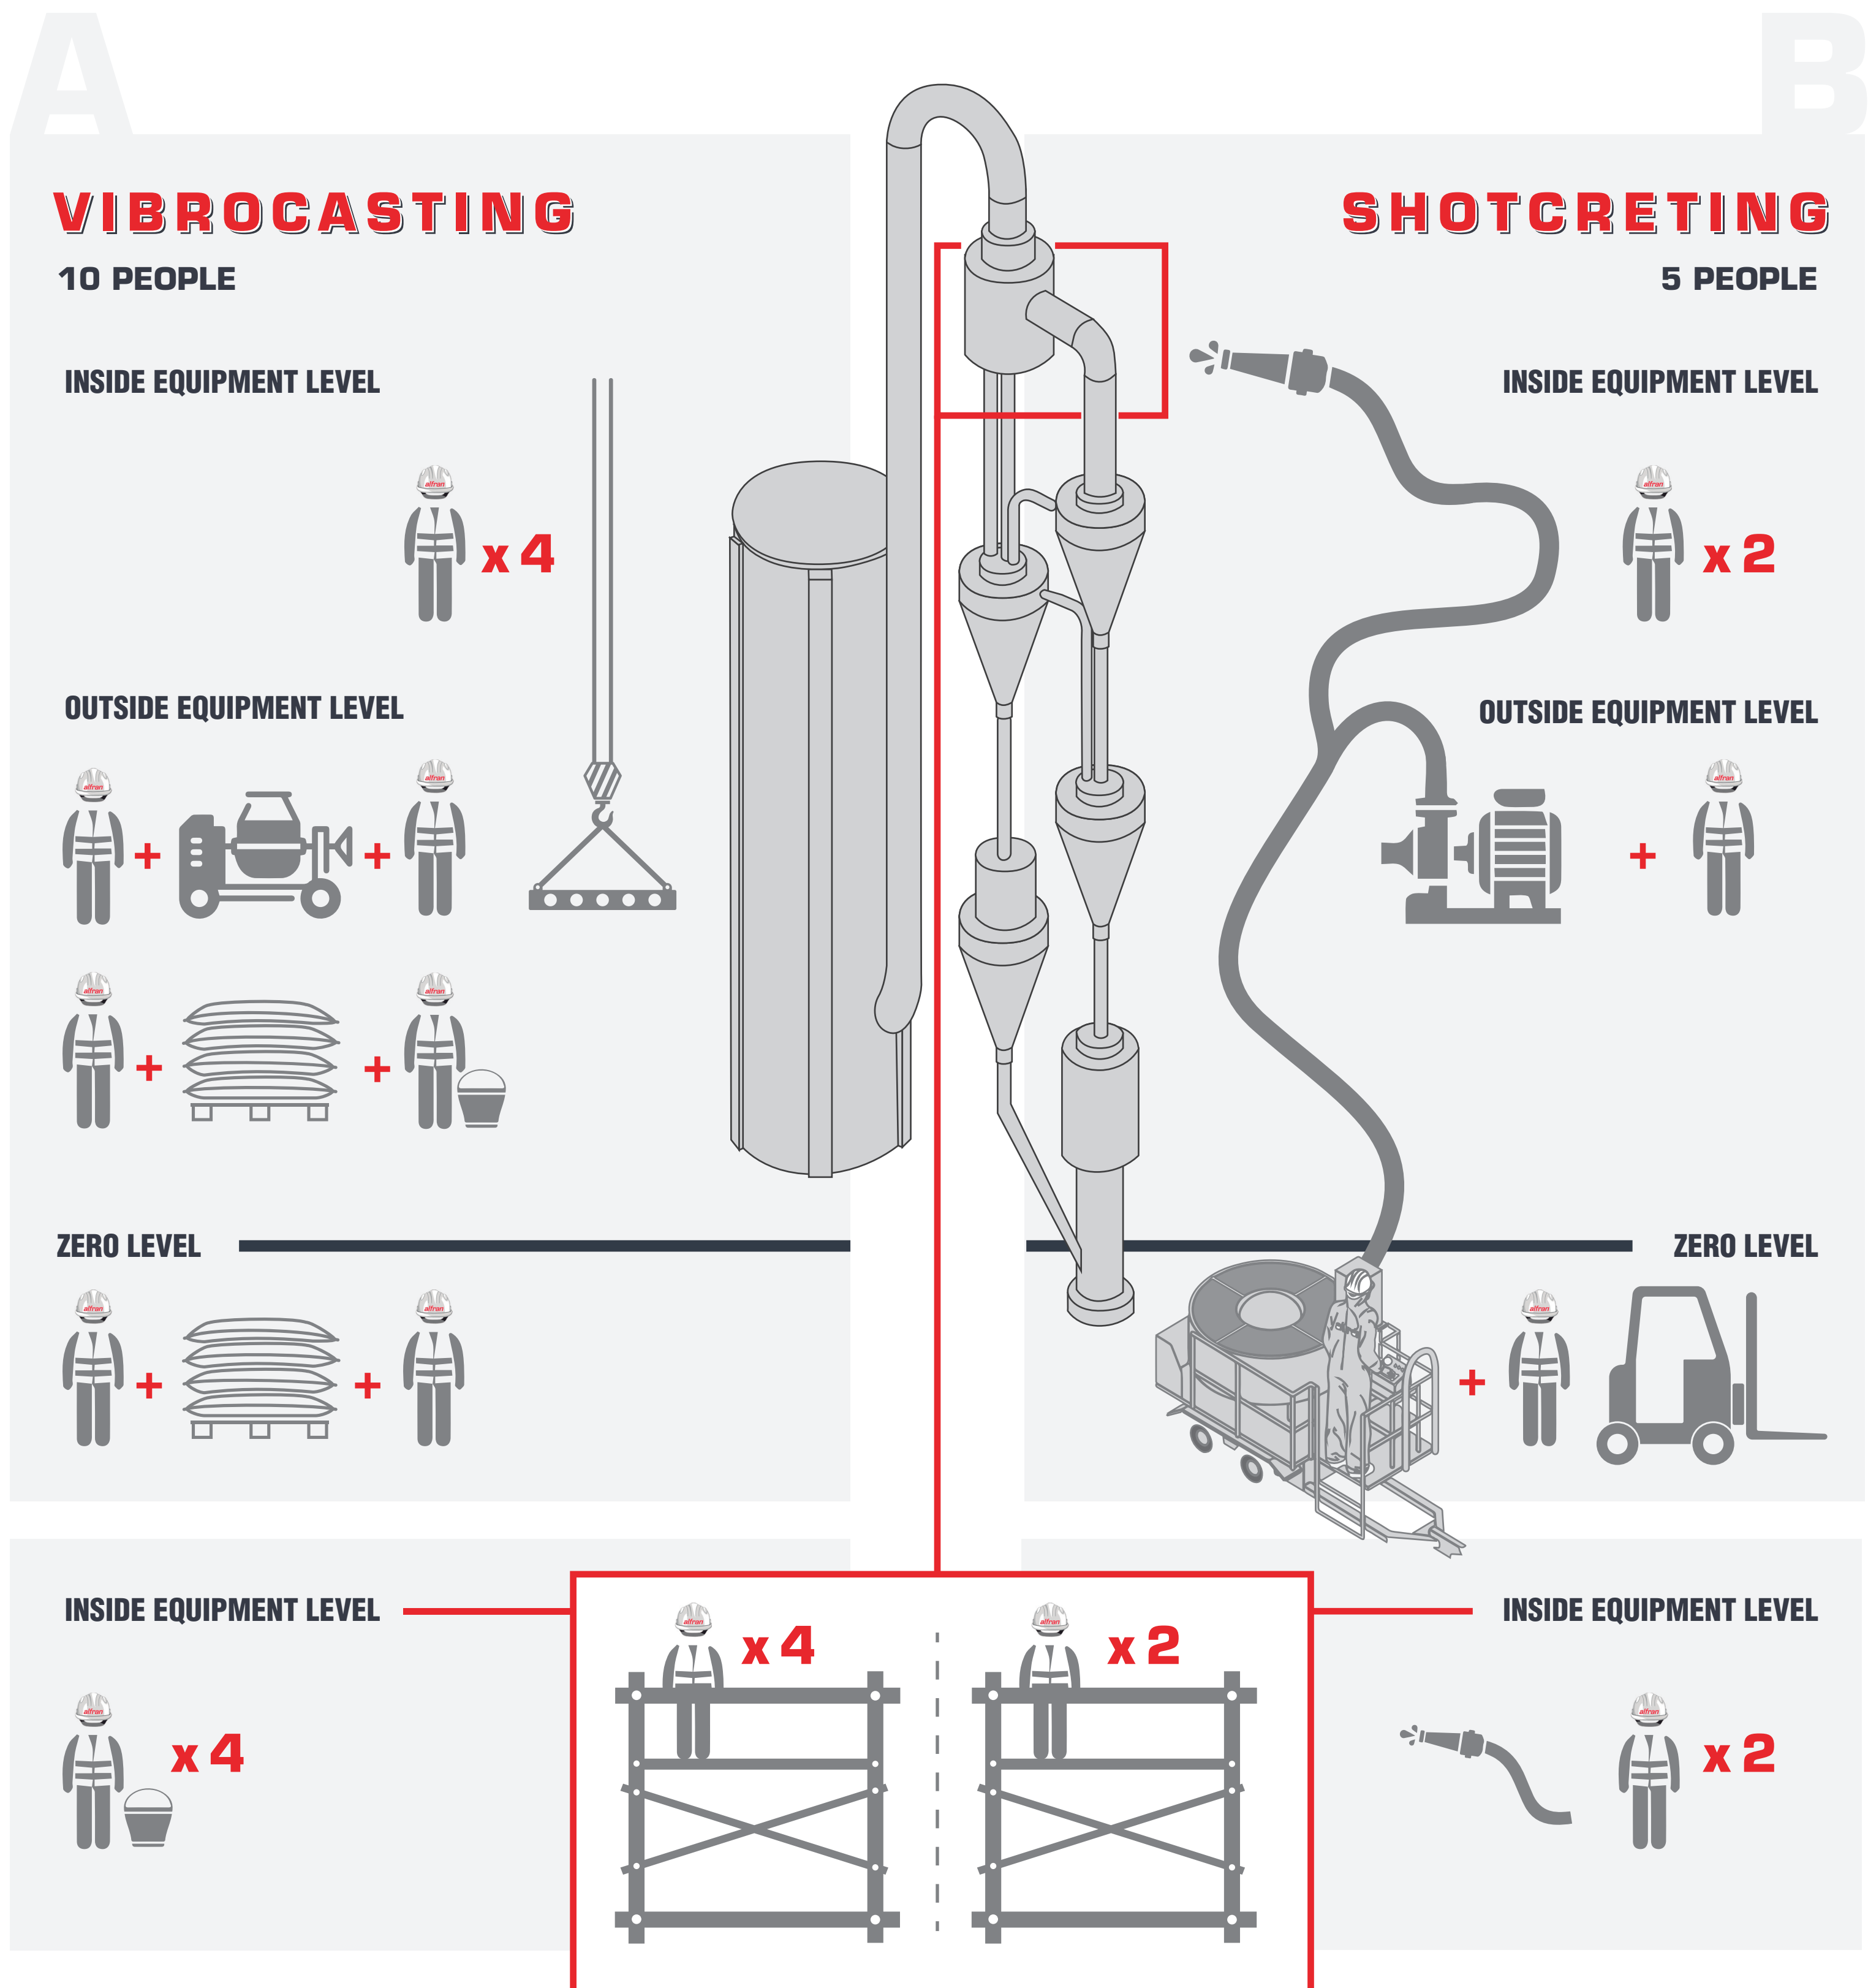

Keeping safe distance

Reduce work time

Alfran recommends the best solution to install dense refractory castables to reduce the risk of contagion:

Patented system Alfranjet® is #1 in Shotcreting Technology, with references worldwide for more than 25 years, in Cement, Steel, and Energy industries among others.

INSTALLATION

REDUCED NUMBER OF PEOPLE

SPEED INSTALLATION
Average 30 tons / 12h-shift

<10% LOSSES

HIGH PERFORMANCE

OPERATION

HIGH QUALITY AND PERFORMANCE

Low Cement / Non-Cement Castables

Physicochemical composition of the products

Accurate control of mixing liquid (Wet process)

High Density + very good dispersion

**EXCELLENT PERFORMANCE
LESS COST**

LESS PEOPLE + LESS TIME = MINIMUM RISK OF CONTAGION
